

Name of proposal/policy	Northamptonshire Libraries and Information Service Review 2017: Long Buckby Library & Children's Centre	Budget number (if applicable)	
Service area responsible	Northamptonshire Libraries and Information Service	Cabinet meeting date	19 th October 2017
Name of completing officer	Dawn Howsam / Ben Dawson	Date EqIA created	4 th December 2017
Approved by Director / Assistant Director	Esther Bushell	Date of approval	5 th February 2018

The Equality Act 2010 places a 'General Duty' on all public bodies to have 'Due regard' to:

- Eliminating discrimination, harassment and victimisation
- Advancing equality of opportunity
- Fostering good relations

We do this by undertaking equality impact assessments (EqIAs) to help us understand the implications of policies and decisions on people with protected characteristics – EqIAs are our way of evidencing this.

All assessments must be published on the NCC equalities web pages. All Cabinet papers where an EqIA is relevant **MUST** include a link to the web page where this assessment will be published. If you require assistance in getting your EqIA published, please contact equalities@northamptonshire.gov.uk

PART 1

Description of current provision/policy and main beneficiaries/stakeholders

Northamptonshire Libraries and Information Service, "LibraryPlus", provides a comprehensive range of services through 36 community hub libraries and a mobile library, enabling face to face access to a range of public services. Local authorities have a statutory duty under the Public Libraries and Museums Act 1964 'to provide a comprehensive and efficient library service for all persons' in the area that want to make use of it. In considering how best to deliver the statutory duty each library authority is responsible for determining, through consultation, the local needs and to deliver a modern and efficient library service that meets the requirements of their communities within available resources.

A full description of the breadth of the service is contained within the Library Service Review 2017 document and its appendix, and this EqIA should be read in conjunction with those documents.

Description of proposal under consideration/development

Three proposed future options for the library service are set out in the appendix to the October Cabinet paper on the Medium Term Financial Plan.

Option 1 – Retain 15 libraries. Develop a community model to run 21 libraries, where viable options for community managed libraries are put forward by alternative organisations. Long Buckby is one of the 21 libraries. Withdraw mobile library provision.

Option 2 – Retain 15 libraries. Close 21 libraries. Withdraw mobile library provision. Long Buckby is one of the 21 libraries.

Option 3 – Retain 8 libraries. Close 28 libraries. Withdraw mobile library provision. Long Buckby is one of the 28 libraries.

Data used in this Equality Impact Assessment (general population data where appropriate but each EqIA should contain information on people who use the service under consideration – if this is not applicable to your proposal then you probably do not need to do an EqIA)

Data Source (include link where published)	Please summarise what the data tells us – for example "X number of people use this service, X are male, Y are female etc."			
1) Demographic data collected by the library service from library membership records. The membership data is based on the records of members registered with the library and captures cards which were used in 2016/17. A membership card is only required for a few library services, for e.g. borrowing something, checking your account, renewing and requesting items. Many library services do not require membership and facilitate anonymous use as a community hub, for e.g.	Protected characteristics – Options 1 and 2 and 3		All libraries	Long Buckby Library

Initial impact	
Explain your findings above	Actions identified to mitigate, advance equality or fill gaps in information
<p>Sex:</p> <ul style="list-style-type: none"> Total membership data: 59% are female, 5 percentage points higher than the service overall. Adults only membership data: 64% of adult members are female, 8 percentage points higher than the service overall. APLUS: 59% of visitors are female, 3 percentage points lower than the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Gender Reassignment:</p> <ul style="list-style-type: none"> No data. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Age:</p> <ul style="list-style-type: none"> Total membership data: 58% of members are in the 0 to 10's or 60 and over range, 3 percentage points higher than the service overall. Overall 33% are 0 to 10's, which is 2 percentage points higher than the service overall and 26% are 60 and over which is 3 percentage points higher than the service overall. Adults only membership data: 39% of adult members are aged 65 and over, 3 percentage points higher than the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>

<ul style="list-style-type: none"> • APLUS: 15% of adult visitors are aged 65 and over, 19 percentage points lower than the service overall. 	
<p>Disability:</p> <ul style="list-style-type: none"> • Total membership data: 5.1% of members are disabled, 1.3 percentage points higher than the service overall. • Adults only membership data: 7% of adult members are disabled, 1.8 percentage points higher than the service overall. • APLUS: 25.3% of adult visitors are disabled, 0.4 percentage points higher than the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Race & Ethnicity:</p> <ul style="list-style-type: none"> • Total membership data: 2.4% are members of ethnic groups, 3.8 percentage points lower than the service overall. • Adults only membership data: 1.3% are members of ethnic groups, 2.2 percentage lower than the service overall. • APLUS: 1.9% are members of ethnic groups, 4.5 percentage points lower than the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Sexual Orientation:</p> <ul style="list-style-type: none"> • No membership data. • APLUS: 0.9% for Gay / Lesbian / Bisexual / Other, 1 percentage point lower than the service overall. The no response was 16.1%, the same as the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Religion or Belief (or no Belief):</p> <ul style="list-style-type: none"> • Total membership data: has 1.2% Other, 0.9 percentage points lower than the service overall and 21.8% Christian, 8.4 percentage points higher than the service overall. • Adults only membership data: has 1.3% Other, 0.3 percentage points lower than the service overall and 19.7% Christian, 8 percentage points higher than the service overall. • APLUS has 1.3% Other, 3.8 percentage points lower than the service overall and 50% Christian, 1.2 percentage points higher than the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Pregnancy and Maternity:</p> <ul style="list-style-type: none"> • Delivered 195 activities for 0to4s and their parents and carers last year with 769 attendances by children aged 0to4 and overall a total of 1,246 attendances, an average of 6 per activity (Source: Library data). 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Rural Isolation:</p> <ul style="list-style-type: none"> • For all options it would be a bus journey of ranging from 22mins to 1hr 21 mins to the nearest NCC library, Daventry library. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>

<p>Socio-economic exclusion:</p> <ul style="list-style-type: none"> • Daventry 009B LSOA which is ranked 14,545 out of 32,844 LSOAs. This is amongst the 50% most deprived neighbourhoods in the country (IMD data). 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>																					
<ul style="list-style-type: none"> • Option 1 looks at the possibility of Long Buckby Library being run as a community managed library, rather than by NCC as part of its provision. This would mean that there continues to be library provision in Long Buckby, although exactly what this would look like would be dependent on viable expressions of interest coming forward to run it as a community managed library. • Options 2 and 3 would see Long Buckby Library closed. If either of these options were to be implemented, the nearest remaining library would be Daventry Library, which is 4.43 miles away. 																						
<p>Public transport provision in the area? Car ownership?</p> <ul style="list-style-type: none"> • Bus journeys of 22 mins to 1 hr 21 mins (source: web search) • 13.30% of households in the Lower Super Output Areas (LSOA) which mention Long Buckby have no car / van in the household (Source: Northamptonshire Analysis using Census and LSOA data). <p>APLUS 2016:</p> <table border="1" data-bbox="109 775 1357 1174"> <thead> <tr> <th>Library</th> <th>Private transport, e.g. car, motorbike</th> <th>Public transport, e.g. bus, train, metro / tram</th> <th>On foot</th> <th>Bicycle</th> <th>Other</th> <th>Blank</th> </tr> </thead> <tbody> <tr> <td>Long Buckby</td> <td>35%</td> <td>3%</td> <td>54%</td> <td>1%</td> <td>0%</td> <td>6%</td> </tr> <tr> <td>Service Average</td> <td>43%</td> <td>11%</td> <td>37%</td> <td>2%</td> <td>1%</td> <td>7%</td> </tr> </tbody> </table>	Library	Private transport, e.g. car, motorbike	Public transport, e.g. bus, train, metro / tram	On foot	Bicycle	Other	Blank	Long Buckby	35%	3%	54%	1%	0%	6%	Service Average	43%	11%	37%	2%	1%	7%

Long Buckby	35%	3%	54%	1%	0%	6%																
Service Average	43%	11%	37%	2%	1%	7%																
<p>Would the Library To You service provide any mitigating actions for users of Long Buckby Library?</p> <p>This service is for those who through age or disability cannot get to their nearest library. This service is delivered by Home Library Service Volunteers using their own transport and resources from the nearest library. Long Buckby currently has 2 volunteers for this service. For Option 2 and 3 the nearest remaining library, Daventry Library, currently has 7 volunteers for this service (source: Library Data).</p>																						

Alternative Universal Children's Centre Provision

Based on web searches using NCC website (Service provision) and for e.g. 'Net Mums'. Within a mile of Long Buckby there are:

0-5 Provision

Groups, Clubs And Activities	Long Buckby Parent and Toddler Group
Groups, Clubs And Activities	Long Buckby Mums and Babies Group
Advice And Support	Sparkles At Long Buckby
Pre-School Playgroup	Long Buckby Pre-School

Groups/sessions/activities run for groups with protected characteristics

- Delivered 30 activities for 5-10's last year with 289 attendances, an average of 9.63 per activity (from activity data).
- Delivered 243 activities targeted at adults last year with 1,780 attendances, an average of 7.33 per activity (from activity data).

Activities By Target Audience	Adult Target Audiences	Total Activities targeted at Adults	Total Attendance at Activities targeted at Adults
Long Buckby	Elders (65 And Over)	2	22
	Families All Ages	3	33
	Library Visitors / Local Community	238	1725
Long Buckby Total		243	1780

Do you need to undertake further work (e.g. consultation, further equality analysis) based on the impact and actions identified above? If yes, set this out below and then carry out the work and complete Part 2

There is a proposed county-wide reduction in provision and a formal consultation is being undertaken which ends 13th January 2018.

This EqIA will be updated with the findings of the consultation to understand the impact of the different proposals. The updated EqIA and consultation feedback will be analysed and considered to inform the final decision that will be made in February 2018 as part of the budget setting process for 2018/19.

PART 2 – if required

Consultation, follow up data and information gathered from actions identified above

To provide a broader profile in addition to the library consultation feedback below, 2011 Census data by Lower Super Output Area (LSOA) from Northamptonshire Analysis has been included. LSOAs were matched to library based on name and the data aggregated. While libraries do not have a catchment area as such, this gives a reasonable indication as to who might access each library, based on location.

Protected characteristics – Census and LSOA		Long Buckby Library
Gender	Female	50.22%
	Male	49.78%
Gender Reassignment	Not available	Not available
Age	0 to 4	4.82%

Respondents to the questionnaire were asked if they were prepared to provide equalities monitoring data. While this is useful to help us understand the range of people who responded in this way, this data relates to respondents to the questionnaire only and those who chose to answer demographic information about themselves. As such, this only provides part of the picture around impact on people with protected characteristics, and so the quantitative data is supported by the qualitative comments that respondents to the questionnaire provided along with all other feedback received (see below).

Some respondents to the questionnaire who stated that they use Long Buckby Library also stated that

<p>they used other Northamptonshire libraries. The top 5 other libraries for respondents who said they used Long Buckby Library are shown here:</p>	<table border="1"> <thead> <tr> <th data-bbox="831 89 1865 172">Top five other Libraries used by Respondents who stated that they use Long Buckby Library</th> <th data-bbox="1865 89 2132 172">% of respondents</th> </tr> </thead> <tbody> <tr> <td data-bbox="831 172 1865 217">Daventry</td> <td data-bbox="1865 172 2132 217">20.44%</td> </tr> <tr> <td data-bbox="831 217 1865 261">Northampton Central</td> <td data-bbox="1865 217 2132 261">11.68%</td> </tr> <tr> <td data-bbox="831 261 1865 306">Brixworth</td> <td data-bbox="1865 261 2132 306">10.95%</td> </tr> <tr> <td data-bbox="831 306 1865 351">Kingsthorpe</td> <td data-bbox="1865 306 2132 351">7.66%</td> </tr> <tr> <td data-bbox="831 351 1865 379">Moulton</td> <td data-bbox="1865 351 2132 379">6.57%</td> </tr> </tbody> </table>	Top five other Libraries used by Respondents who stated that they use Long Buckby Library	% of respondents	Daventry	20.44%	Northampton Central	11.68%	Brixworth	10.95%	Kingsthorpe	7.66%	Moulton	6.57%

Kingsthorpe	7.66%												
Moulton	6.57%												
<p>Comments/feedback from questionnaire, letters, emails, and events feedback: In addition to quantitative data, we received a large volume of comments about how the closure or change to library service provision would affect people with protected characteristics.</p>	<p>Concerns were raised about the following groups:</p> <ul style="list-style-type: none"> • Sex – many respondents felt that the proposal for Long Buckby would have a negative impact on women in particular, because of the groups held in the library which are predominantly (but not exclusively) used by female carers with young children. • Age – many respondents felt that the proposal for Long Buckby would have a negative impact in terms of age, for both older and younger service users. <ul style="list-style-type: none"> ○ For older people, there were concerns that if the library were to close or were to be open for fewer hours if run as a community library by volunteers, it could lead to an increase in social isolation for this group, which currently benefits from free access to library resources (including IT support), groups that are run with a particular focus on older people and the general social benefits of visiting a library and social interaction with others. In addition, this group was identified as being less likely/less able to access alternative library provision because they would be less likely to drive and more reliant upon public transport ○ For children and young people, there were concerns about the loss of access to groups specifically for babies and toddlers, particularly as the library is a designated Children’s Centre, and for older children, there were concerns about the loss of the library as a source of education, a venue for doing homework and accessing further information to support their studies (particularly for children from lower income families) and taking part in free activities and the impact this would have on literacy. ○ The library was identified as a safe, supportive meeting space for both children and older people as well as other vulnerable groups, something which was not provided elsewhere in the community. • Disability – concerns were raised that the proposal would have a negative impact upon people with disabilities who would find it difficult to use another library (as well as the difficulties in accessing an alternative library). The positive impact of libraries on the wellbeing of people with mental health issues was also mentioned, and it was a frequently raised concern that this would suffer if access to the current library provision changed. 												

- Race and ethnicity – whilst libraries are in their nature inclusive to all, nothing specific was mentioned, beyond the general support and safe environment the library provides to all members of the community which facilitates inclusion and community cohesion.
- Religion or belief – as for Race and Ethnicity above.
- Pregnancy and maternity – The Library is a designated Children Centre and was considered as vital for new mothers, with services such as easy access to baby groups, health visitors, advice etc. and the view that many respondents shared was that using their library either stopped them from developing post-natal depression or helped them recover from it. It was noted how libraries are welcoming to mothers and babies and how they provide free access to a range of services, meaning that income is not a barrier, for e.g. this library provided an average of 4 activities per week for under 5s from April to Dec 2017.

There is no reason to believe that the proposal would have a disproportionate impact upon people because of gender reassignment or sexual orientation.

Whilst not protected characteristics under the Equality Act, the feedback also showed that there were concerns about the impact on socio-economic exclusion:

- Concerns were raised that the potential closure of libraries in rural areas would make it harder for people to access alternative library services, because they would have further to travel. If they do not have their own transport, they are reliant upon public transport (and with the proposed removal of bus subsidies, this would have a greater impact on rural areas) which can take a long time, be infrequent and costly.
- With the majority of library services being free, concerns were raised that reduced access to library services would affect people on lower incomes, in terms of accessing things like, books, the internet and computers for job searches, benefit applications etc., for e.g. the library provides weekly IT support sessions, as well as the fact that people valued libraries as places where people can access information, online government services, newspapers etc. for free and just sit without having to pay.

Final impact analysis (taking the findings from Part 2 into account) – including review date if required

Final impact

The final recommendation in the budget proposal is for Option 1 – the Community Management option. This library is therefore proposed for community management. It is unsure therefore what the final impact of this proposal will be as this will largely be dependent on the eventual success of the Community Library. It will be necessary to revisit and review the impact as the community managed model evolves, especially at each decision point in the transition period. However, in this model it is likely that there will be an overall reduction in services which are predominantly accessed by older people, most notably in supporting the applications for blue badges and bus passes, and therefore this has been determined as a negative impact. There is also a recommendation that there is a full review of universal Children’s Centre Services provision, and therefore the impact of this is also unsure at this point in time. There is an acknowledgement that should the community management of this library ultimately not prove feasible and the library proceeds towards closure, the impact on all groups would be negative.
