

<b>Name of proposal/policy</b>	Northamptonshire Libraries and Information Service Review 2017: Thrapston Library & Children's Centre	<b>Budget number (if applicable)</b>	
<b>Service area responsible</b>	Northamptonshire Libraries and Information Service	<b>Cabinet meeting date</b>	19 <sup>th</sup> October 2017
<b>Name of completing officer</b>	Dawn Howsam / Ben Dawson	<b>Date EqIA created</b>	7 <sup>th</sup> December 2017
<b>Approved by Director / Assistant Director</b>	Esther Bushell	<b>Date of approval</b>	27 <sup>th</sup> February 2018

The Equality Act 2010 places a 'General Duty' on all public bodies to have 'Due regard' to:

- Eliminating discrimination, harassment and victimisation
- Advancing equality of opportunity
- Fostering good relations

We do this by undertaking equality impact assessments (EqIAs) to help us understand the implications of policies and decisions on people with protected characteristics – EqIAs are our way of evidencing this.

All assessments must be published on the NCC equalities web pages. All Cabinet papers where an EqIA is relevant **MUST** include a link to the web page where this assessment will be published. If you require assistance in getting your EqIA published, please contact [equalities@northamptonshire.gov.uk](mailto:equalities@northamptonshire.gov.uk)

## PART 1

### Description of current provision/policy and main beneficiaries/stakeholders

Northamptonshire Libraries and Information Service, "LibraryPlus", provides a comprehensive range of services through 36 community hub libraries and a mobile library, enabling face to face access to a range of public services. Local authorities have a statutory duty under the Public Libraries and Museums Act 1964 'to provide a comprehensive and efficient library service for all persons' in the area that want to make use of it. In considering how best to deliver the statutory duty each library authority is responsible for determining, through consultation, the local needs and to deliver a modern and efficient library service that meets the requirements of their communities within available resources.

A full description of the breadth of the service is contained within the Library Service Review 2017 document and its appendix, and this EqlA should be read in conjunction with those documents.

### Description of proposal under consideration/development

Three proposed future options for the library service are set out in the appendix to the October Cabinet paper on the Medium Term Financial Plan.

Option 1 – Retain 15 libraries. Develop a community model to run 21 libraries, where viable options for community managed libraries are put forward by alternative organisations. Thrapston is one of the 21 libraries. Withdraw mobile library provision.

Option 2 – Retain 15 libraries. Close 21 libraries. Withdraw mobile library provision. Thrapston is one of the 21 libraries.

Option 3 – Retain 8 libraries. Close 28 libraries. Withdraw mobile library provision. Thrapston is one of the 28 libraries.

### Data used in this Equality Impact Assessment (general population data where appropriate but each EqlA should contain information on people who use the service under consideration – if this is not applicable to your proposal then you probably do not need to do an EqlA)

Data Source (include link where published)	Please summarise what the data tells us – for example "X number of people use this service, X are male, Y are female etc."			
1) Demographic data collected by the library service from library membership records. The membership data is based on the records of members registered with the library and captures cards which were used in 2016/17. A membership card is only required for a few library services, for e.g. borrowing something, checking your account, renewing and requesting items. Many library services do not require membership and facilitate anonymous use as a community hub, for e.g.	Protected characteristics – Options 1 and 2 and 3		All libraries	Thrapston Library
	Gender	Female	All Mship: 54% Adult Only Mship: 56% APLUS: 62%	All Mship: 59% Adult Only Mship: 65% APLUS: 65%

**Do you need to undertake further work (e.g. consultation, further equality analysis) based on the impact and actions identified above? If yes, set this out below and then carry out the work and complete Part 2**

There is a proposed county-wide reduction in provision and a formal consultation is being undertaken which ends 13<sup>th</sup> January 2018.

This EqIA will be updated with the findings of the consultation to understand the impact of the different proposals. The updated EqIA and consultation feedback will be analysed and considered to inform the final decision that will be made in February 2018 as part of the budget setting process for 2018/19.

**PART 2 – if required**

**Consultation, follow up data and information gathered from actions identified above**

<p>To provide a broader profile in addition to the library consultation feedback below, 2011 Census data by Lower Super Output Area (LSOA) from Northamptonshire Analysis has been included. LSOAs were matched to library based on name and the data aggregated. While libraries do not have a catchment area as such, this gives a reasonable indication as to who might access each library, based on location.</p>	<b>Protected characteristics – Census and LSOA</b>		<b>Thrapston Library</b>

<p>Respondents to the questionnaire were asked if they were prepared to provide equalities monitoring data. While this is useful to help us understand the range of people who responded in this way, this data relates to respondents to the questionnaire only and those who chose to answer demographic information about themselves. As such, this only provides part of the picture around impact on people with protected characteristics, and so the quantitative data is supported by the qualitative comments that respondents to the questionnaire provided along with all other feedback received (see below).</p>			
<p>Some respondents to the questionnaire who stated that they use Thrapston Library also stated that they</p>			

<p>used other Northamptonshire libraries. The top 5 other libraries for respondents who said they used Thrapston Library are shown here:</p>	<table border="1"> <thead> <tr> <th data-bbox="779 152 1745 233"><b>Top five other Libraries used by Respondents who stated that they use Thrapston Library</b></th> <th data-bbox="1745 152 2007 233"><b>% of respondents</b></th> </tr> </thead> <tbody> <tr> <td data-bbox="779 233 1745 272">Raunds</td> <td data-bbox="1745 233 2007 272">17.31%</td> </tr> <tr> <td data-bbox="779 272 1745 311">Oundle</td> <td data-bbox="1745 272 2007 311">13.78%</td> </tr> <tr> <td data-bbox="779 311 1745 350">Kettering</td> <td data-bbox="1745 311 2007 350">10.60%</td> </tr> <tr> <td data-bbox="779 350 1745 389">Rushden</td> <td data-bbox="1745 350 2007 389">8.13%</td> </tr> <tr> <td data-bbox="779 389 1745 423">Higham Ferrers</td> <td data-bbox="1745 389 2007 423">7.42%</td> </tr> </tbody> </table>	<b>Top five other Libraries used by Respondents who stated that they use Thrapston Library</b>	<b>% of respondents</b>	Raunds	17.31%	Oundle	13.78%	Kettering	10.60%	Rushden	8.13%	Higham Ferrers	7.42%

Higham Ferrers	7.42%												
<p>Comments/feedback from questionnaire, letters, emails, and events feedback: In addition to quantitative data, we received a large volume of comments about how the closure or change to library service provision would affect people with protected characteristics.</p>	<p>Concerns were raised about the following groups:</p> <ul style="list-style-type: none"> <li>• Sex – many respondents felt that the proposal for Thrapston would have a negative impact on women in particular, because of the groups held in the library which are predominantly (but not exclusively) used by female carers with young children.</li> <li>• Age – many respondents felt that the proposal for Thrapston would have a negative impact in terms of age, for both older and younger service users. <ul style="list-style-type: none"> <li>○ For older people, there were concerns that if the library were to close or were to be open for fewer hours if run as a community library by volunteers, it could lead to an increase in social isolation for this group, which currently benefits from free access to library resources (including IT support), groups that are run with a particular focus on older people and the general social benefits of visiting a library and social interaction with others. In addition, this group was identified as being less likely/less able to access alternative library provision because they would be less likely to drive and more reliant upon public transport.</li> <li>○ For children and young people, there were concerns about the loss of access to groups specifically for babies and toddlers, particularly as the library is a designated Children’s Centre, and for older children, there were concerns about the loss of the library as a source of education, a venue for doing homework and accessing further information to support their studies (particularly for children from lower income families) and taking part in events such as the Summer Reading Challenge and the impact this would have on literacy.</li> </ul> </li> <li>• Disability – concerns were raised that the proposal would have a negative impact upon people with disabilities who would find it difficult to use another library as well as the difficulties in accessing an alternative library. The positive impact of libraries on the wellbeing of people with mental health issues was also mentioned, and it was a frequently raised concern that this would suffer if access to the current library provision changed.</li> </ul>												

- Race and ethnicity – whilst libraries are in their nature inclusive to all, nothing specific was mentioned, beyond the general support and safe environment the library provides to all members of the community which facilitates inclusion and community cohesion.
- Religion or belief – as for Race and Ethnicity above.
- Pregnancy and maternity – The Library is a designated Children Centre and was considered as vital for new mothers, with services such as easy access to baby groups, health visitors, advice etc. and the view that many respondents shared was that using their library either stopped them from developing post-natal depression or helped them recover from it. It was noted how libraries are welcoming to mothers and babies and how they provide free access to a range of services, meaning that income is not a barrier, for e.g. this library provides an average of 4 activities per week for under 5s.

There is no reason to believe that the proposal would have a disproportionate impact upon people because of gender reassignment or sexual orientation.

Whilst not protected characteristics under the Equality Act, the feedback also showed that there were concerns about the impact on socio-economic exclusion:

- Concerns were raised that the potential closure of libraries in rural areas would make it harder for people to access alternative library services, because they would have further to travel. If they do not have their own transport, they are reliant upon public transport (and with the proposed removal of bus subsidies, this would have a greater impact on rural areas) which can take a long time, be infrequent and costly.
- With the majority of library services being free, concerns were raised that reduced access to library services would affect people on lower incomes, in terms of accessing things like the internet and computers for job searches, benefit applications etc., for e.g. this library provides regular IT sessions. People also valued libraries as places where people can access information, newspapers etc. for free and just sit quietly without having to pay.

**Final impact analysis (taking the findings from Part 2 into account) – including review date if required**

	Positive	Negative	Neutral	Unsure

<b>Pregnancy &amp; Maternity</b>				✓
<b>Human Rights</b>			✓	
<b>Rural isolation</b>				✓
<b>Socio-economic exclusion</b>				✓

### Final impact

The initial recommendation in the budget proposal that was presented to Cabinet on February 13<sup>th</sup> 2018 was for Option 1 – the Community Management option. This library is therefore proposed for community management. It is unsure therefore what the final impact of this proposal will be as this will largely be dependent on the eventual success of the Community Library. It will be necessary to revisit and review the impact as the community managed model evolves, especially at each decision point in the transition period. However, in this model it is likely that there will be an overall reduction in services which are predominantly accessed by older people, most notably in supporting the applications for blue badges and bus passes, and therefore this has been determined as a negative impact. There is also a recommendation that there is a full review of universal Children’s Centre Services provision, and therefore the impact of this is also unsure at this point in time. There is an acknowledgement that should the community management of this library ultimately not prove feasible and the library proceeds towards closure, the impact on all groups would be negative.

**PART 3 – Budget Proposal Update (27<sup>th</sup> February 2018)**

<b>Final impact analysis (taking the findings from Part 2 into account) – including review date if required</b>				
	<b>Positive</b>	<b>Negative</b>	<b>Neutral</b>	<b>Unsure</b>
<b>Sex</b>		✓		
<b>Gender Reassignment</b>			✓	
<b>Age</b>		✓		
<b>Disability</b>		✓		
<b>Race &amp; Ethnicity</b>		✓		
<b>Sexual Orientation</b>			✓	
<b>Religion or Belief (or No Belief)</b>		✓		
<b>Pregnancy &amp; Maternity</b>		✓		
<b>Human Rights</b>			✓	
<b>Rural isolation</b>		✓		
<b>Socio-economic exclusion</b>		✓		

**Final impact**

The final recommendation following amended budget proposals is for Option 2 (Retain 15 libraries. Close 21 libraries. Withdraw mobile library provision). Thrapston is one of the 21 libraries and is therefore proposed for closure. Given the reduction in all services, the overall impact is acknowledged as negative. Children’s Centre Services provision will continue whilst a review is undertaken to mitigate the impact of the library proposals. However, given the breadth of the library offer extends beyond Children’s Centre Services, the overall impact is still evaluated as negative.
