

Name of proposal/policy	Northamptonshire Libraries and Information Service Review 2017: Weston Favell Library	Budget number (if applicable)	
Service area responsible	Northamptonshire Libraries and Information Service	Cabinet meeting date	19 th October 2017
Name of completing officer	Dawn Howsam / Ben Dawson	Date EqIA created	8 th December 2017
Approved by Director / Assistant Director	Esther Bushell	Date of approval	27 th February 2018

The Equality Act 2010 places a ‘General Duty’ on all public bodies to have ‘Due regard’ to:

- Eliminating discrimination, harassment and victimisation
- Advancing equality of opportunity
- Fostering good relations

We do this by undertaking equality impact assessments (EqIAs) to help us understand the implications of policies and decisions on people with protected characteristics – EqIAs are our way of evidencing this.

All assessments must be published on the NCC equalities web pages. All Cabinet papers where an EqIA is relevant **MUST** include a link to the web page where this assessment will be published. If you require assistance in getting your EqIA published, please contact equalities@northamptonshire.gov.uk

PART 1

Description of current provision/policy and main beneficiaries/stakeholders

Northamptonshire Libraries and Information Service, “LibraryPlus”, provides a comprehensive range of services through 36 community hub libraries and a mobile library, enabling face to face access to a range of public services. Local authorities have a statutory duty under the Public Libraries and Museums Act 1964 ‘to provide a comprehensive and efficient library service for all persons’ in the area that want to make use of it. In considering how best to deliver the statutory duty each library authority is responsible for determining, through consultation, the local needs and to deliver a modern and efficient library service that meets the requirements of their communities within available resources.

A full description of the breadth of the service is contained within the Library Service Review 2017 document and its appendix, and this EqlA should be read in conjunction with those documents.

Description of proposal under consideration/development

Three proposed future options for the library service are set out in the appendix to the October Cabinet paper on the Medium Term Financial Plan.

Option 1 – Retain 15 libraries. Develop a community model to run 21 libraries, where viable options for community managed libraries are put forward by alternative organisations. Weston Favell is one of the 15 libraries. Withdraw mobile library provision.

Option 2 – Retain 15 libraries. Close 21 libraries. Withdraw mobile library provision. Weston Favell is one of the 15 libraries.

Option 3 – Retain 8 libraries. Close 28 libraries. Withdraw mobile library provision. Weston Favell is one of the 8 libraries.

Data used in this Equality Impact Assessment (general population data where appropriate but each EqlA should contain information on people who use the service under consideration – if this is not applicable to your proposal then you probably do not need to do an EqlA)

Data Source (include link where published)	Please summarise what the data tells us – for example “X number of people use this service, X are male, Y are female etc.”			
1) Demographic data collected by the library service from library membership records. The membership data is based on the records of members registered with the library and captures cards which were used in 2016/17. A membership card is only required for a few library services, for e.g. borrowing something, checking your account, renewing and requesting items. Many library services do not require membership and facilitate anonymous use as a community hub, for e.g.	Protected characteristics – Options 1 and 2 and 3		All libraries	Weston Favell Library

Initial impact	
Explain your findings above	Actions identified to mitigate, advance equality or fill gaps in information
<p>Sex:</p> <ul style="list-style-type: none"> Total membership: 50% of members are females, 4 percentage points lower than the service overall, this is 3 percentage points more than are males for this library. Adults only membership: 52% of adult members are female, 4 percentage points lower than the service overall. APLUS: 50% of visitors are female, 12 percentage points lower than the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>

<ul style="list-style-type: none"> The data suggests that Weston Favell has a fairly even split between female and male users. 	
<p>Gender Reassignment:</p> <ul style="list-style-type: none"> No membership data. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Age:</p> <ul style="list-style-type: none"> Total membership: 52% of members are in the 0 to 10's or 60 and over range, 3 percentage points lower than the service overall. Overall 30% are 0 to 10's, which is 1 percentage points lower than the service overall and 22% are 60 and over which is 1 percentage point lower than the service overall. Adults only membership data: 34% of adult members are aged 65 and over, 2 percentage points lower than the service overall. APLUS: 28% of adult visitors are aged 65 and over, 6 percentage points lower than the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Disability:</p> <ul style="list-style-type: none"> Total membership data: 3.1% of members are disabled, 0.7 percentage points lower than the service overall. Adults only membership data: 4% of adult members are disabled, 1.2 percentage points lower than the service overall. APLUS: 28.6% of adult visitors are disabled, 3.7 percentage points higher than the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Race & Ethnicity:</p> <ul style="list-style-type: none"> Total membership data: 8% are members of ethnic groups, 1.9 percentage points higher than the service overall. Adults only membership data: 4.5% are members of ethnic groups, 1 percentage point higher than the service overall. APLUS: 25.4% are members of ethnic groups, 19 percentage points higher than the service overall. APLUS suggests may have higher % for ethnic groups other than white than the membership data. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>
<p>Sexual Orientation:</p> <ul style="list-style-type: none"> No membership data. APLUS: 0.0% for Gay / Lesbian / Bisexual / Other which is 2 percentage points lower than the service overall. The no response % was 6.9% which is 9 percentage points lower than the service overall. 	<p>The proposals are undergoing consultation and this EqIA will be updated to reflect the findings and fill in gaps in information.</p>

<p>Religion or Belief (or no Belief):</p> <ul style="list-style-type: none"> • Total membership data: has 1.1% Other, 1 percentage point lower than the service overall and 4.8% Christian, 8.6 percentage points lower than the service overall. • Adults only membership data: has 0.8% Other, 0.8 percentage points lower than the service overall and 4.3% Christian, 7.4 percentage points lower than the service overall. • APLUS has 13.9% Other, 8.8 percentage points higher than the service overall and 38.9% Christian, 9.9 percentage points lower than the service overall. 	<p>The proposals are undergoing consultation and this EqlA will be updated to reflect the findings and fill in gaps in information.</p>																					
<p>Pregnancy and Maternity:</p> <ul style="list-style-type: none"> • Delivered 277 activities for 0to4s and their parents and carers last year with 2,498 attendances by children aged 0to4 and overall a total of 4,689 attendances, an average of 21 per session (Source: Library data). • If Abington and Moulton libraries are closed (option2) then attendances could potentially increase by 78%, an additional 16, to 37 per session. • If option 3 is selected and Brixworth library is also closed, overall attendances could increase by 152%, an additional 31, to 52 per session. 	<p>The proposals are undergoing consultation and this EqlA will be updated to reflect the findings and fill in gaps in information.</p>																					
<p>Socio-economic exclusion:</p> <ul style="list-style-type: none"> • Northampton 007C LSOA which is ranked 3,179 out of 32,844 LSOAs. This is amongst the 10% most deprived neighbourhoods in the country, (IMD data). 	<p>The proposals are undergoing consultation and this EqlA will be updated to reflect the findings and fill in gaps in information.</p>																					
<p>Public transport provision in the area? Car ownership?</p> <ul style="list-style-type: none"> • Bus journeys are not applicable as this library remains open in all options. • 22.9% of households in the Lower Super Output Areas (LSOA) which mention Weston Favell have no car / van in the household (Source: Northamptonshire Analysis using Census and LSOA data). <p>APLUS 2016:</p> <table border="1" data-bbox="107 1052 1289 1421"> <thead> <tr> <th>Library</th> <th>Private transport, e.g. car, motorbike</th> <th>Public transport, e.g. bus, train, metro / tram</th> <th>On foot</th> <th>Bicycle</th> <th>Other</th> <th>Blank</th> </tr> </thead> <tbody> <tr> <td>Weston Favell</td> <td>45%</td> <td>23%</td> <td>20%</td> <td>3%</td> <td>0%</td> <td>9%</td> </tr> <tr> <td>Service Average</td> <td>43%</td> <td>11%</td> <td>37%</td> <td>2%</td> <td>1%</td> <td>7%</td> </tr> </tbody> </table>	Library	Private transport, e.g. car, motorbike	Public transport, e.g. bus, train, metro / tram	On foot	Bicycle	Other	Blank	Weston Favell	45%	23%	20%	3%	0%	9%	Service Average	43%	11%	37%	2%	1%	7%

Would the Library To You service provide any mitigating actions for users of Weston Favell Library?

This service is for those who through age or disability cannot get to their nearest library. This service is delivered by Home Library Service Volunteers (HLS Vols) using their own transport and resources from the nearest library. Weston Favell currently has 6 volunteers for this service.

- For Option 1 (if no community management found) and Option 2 it is the nearest remaining library for Abington and Moulton Libraries. Abington has 6 HLS Vols and Moulton has 1, who may transfer to Weston Favell (source: Library Data).
- For Option 3 it is the nearest remaining library for Abington, Brixworth and Moulton Libraries. Abington has 6 HLS Vols, Brixworth has 0 and Moulton has 1, who may transfer to Weston Favell (source: Library Data)

Alternative Universal Children’s Centre Provision

Weston Favell is not proposed for closure.

- Weston Favell Library delivered 277 activities for 0to4s and their parents and carers last year with 2,498 attendances, by children aged 0to4 and overall a total of 4,689 attendances, an average of 21 per session (Source: Library data).
- If Abington and Moulton libraries are closed (option 2) then attendances could potentially increase by 78%, an additional 16, to 37 per session.
- If option 3 is selected and Brixworth library is also closed, overall attendances could increase by 152%, an additional 31, to 52 per session.

Groups/sessions/activities run for groups with protected characteristics

- Delivered 1 activity for 5-10’s last year with 17 attendances, an average of 17 per activity (Source: Library data).
- Delivered 415 activities targeted at adults last year with 2,889 attendances, an average of 6.96 per activity (Source: Library data).

Activities By Target Audience	Adult Target Audiences	Total Activities targeted at Adults	Total Attendance at Activities targeted at Adults
Weston Favell	Ethnic Groups	46	644
	Families All Ages	8	290
	Library Visitors / Local Community	361	1955
Weston Favell Total		415	2889

Do you need to undertake further work (e.g. consultation, further equality analysis) based on the impact and actions identified above? If yes, set this out below and then carry out the work and complete Part 2

There is a proposed county-wide reduction in provision and a formal consultation is being undertaken which ends 13th January 2018. This EqIA will be updated with the findings of the consultation to understand the impact of the different proposals. The updated EqIA and consultation feedback will be analysed and considered to inform the final decision that will be made in February 2018 as part of the budget setting process for 2018/19.

PART 2 – if required

Consultation, follow up data and information gathered from actions identified above

To provide a broader profile in addition to the library consultation feedback below, 2011 Census data by Lower Super Output Area (LSOA) from Northamptonshire Analysis has been included. LSOAs were matched to library based on name and the data aggregated. While libraries do not have a catchment area as such, this gives a reasonable indication as to who might access each library, based on location.

Protected characteristics – Census and LSOA		Weston Favell Library

Respondents to the questionnaire were asked if they were prepared to provide equalities monitoring data. While this is useful to help us understand the range of people who responded in this way, this data relates to respondents to the questionnaire only and those who chose to answer demographic information about themselves. As such, this only provides part of the picture around impact on people with protected characteristics, and so the quantitative data is supported by the qualitative comments that respondents to the questionnaire provided along with all other feedback received (see below).

Some respondents to the questionnaire who stated that they use Weston Favell Library also stated that

<p>they used other Northamptonshire libraries. The top 5 other libraries for respondents who said they used Weston Favell Library are shown here:</p>	<table border="1"> <thead> <tr> <th data-bbox="779 152 1745 233">Top five other Libraries used by Respondees who stated that they use Weston Favell Library</th> <th data-bbox="1745 152 2007 233">% of respondees</th> </tr> </thead> <tbody> <tr> <td data-bbox="779 233 1745 272">Northampton Central</td> <td data-bbox="1745 233 2007 272">57.79%</td> </tr> <tr> <td data-bbox="779 272 1745 311">Abington</td> <td data-bbox="1745 272 2007 311">40.26%</td> </tr> <tr> <td data-bbox="779 311 1745 350">Kingsthorpe</td> <td data-bbox="1745 311 2007 350">34.09%</td> </tr> <tr> <td data-bbox="779 350 1745 389">Moulton</td> <td data-bbox="1745 350 2007 389">19.16%</td> </tr> <tr> <td data-bbox="779 389 1745 423">Hunsbury</td> <td data-bbox="1745 389 2007 423">17.86%</td> </tr> </tbody> </table>	Top five other Libraries used by Respondees who stated that they use Weston Favell Library	% of respondees	Northampton Central	57.79%	Abington	40.26%	Kingsthorpe	34.09%	Moulton	19.16%	Hunsbury	17.86%

Moulton	19.16%												
Hunsbury	17.86%												
<p>Comments/feedback from questionnaire, letters, emails, and events feedback: In addition to quantitative data, we received a large volume of comments about how the closure or change to library service provision would affect people with protected characteristics.</p>	<p>Concerns were raised about the following groups:</p> <ul style="list-style-type: none"> • Sex – Weston Favell is not proposed for closure and respondents mostly commented about the impact of the options for other libraries having a negative impact on women in particular, because of the groups held in the library which are predominantly (but not exclusively) used by female carers with young children as they would be unlikely to be able to travel to the library. • Age – Weston Favell is not proposed for closure and respondents mostly commented about the impact of the options for other libraries having a negative impact in terms of age, for both older and younger service users as they would be as they would be unlikely to be able to travel to the library. <ul style="list-style-type: none"> ○ For older people, there were concerns that if local libraries were to close or were to be open for fewer hours if run as a community library by volunteers, it could lead to an increase in social isolation for this group, which currently benefits from free access to library resources (including IT support), groups that are run with a particular focus on older people and the general social benefits of visiting a library and social interaction with others. In addition, this group was identified as being less likely/less able to access alternative library provision because they would be less likely to drive and more reliant upon public transport ○ For children and young people, there were concerns about the loss of access to groups specifically for babies and toddlers, and for older children, there were concerns about the loss of the library as a source of education, a venue for doing homework and accessing further information to support their studies (particularly for children from lower income families) and taking part in events such as the Summer Reading Challenge and the impact this would have on literacy. • Disability – concerns were raised that the proposal would have a negative impact upon people with disabilities. Examples given included the fact that people with a disability, such as a sight impairment or learning difficulty, who use the library regularly would be familiar with the layout and staff and would find it difficult to use another library (as well as the difficulties in accessing an alternative library). The positive impact of libraries on the wellbeing of people 												

with mental health issues was also mentioned, and it was a frequently raised concern that this would suffer if access to the current library provision changed

- Race and ethnicity – The library runs regular language cafes supporting non English speakers.
- Religion or belief – whilst libraries are in their nature inclusive to all, nothing specific was mentioned, beyond the general support and safe environment the library provides to all members of the community which facilitates inclusion and community cohesion.
- Pregnancy and maternity – The Library and was considered as vital for new mothers, with services such as easy access to baby groups, health visitors, advice etc. and the view that many respondents shared was that using their library either stopped them from developing post-natal depression or helped them recover from it. It was noted how libraries are welcoming to mothers and babies and how they provide free access to a range of services, meaning that income is not a barrier, for e.g. this library provides an average of 6 activities per week for under 5s.

There is no reason to believe that the proposal would have a disproportionate impact upon people because of gender reassignment or sexual orientation.

Whilst not protected characteristics under the Equality Act, the feedback also showed that there were concerns about the impact on socio-economic exclusion:

- Concerns were raised that the potential closure of local libraries would make it harder for people to access alternative library services, because they would have further to travel. If they do not have their own transport, they are reliant upon public transport which can take a long time, be infrequent and costly.
- With the majority of library services being free, concerns were raised that reduced access to library services would affect people on lower incomes, in terms of accessing things like books, the internet and computers for job searches, benefit applications etc., as well as the fact that people valued libraries as places where people can access information, newspapers etc. for free and just sit quietly without having to pay.

Final impact analysis (taking the findings from Part 2 into account) – including review date if required

	Positive	Negative	Neutral	Unsure
Sex			✓	
Gender Reassignment			✓	
Age			✓	
Disability			✓	

Race & Ethnicity			✓	
Sexual Orientation			✓	
Religion or Belief (or No Belief)			✓	
Pregnancy & Maternity			✓	
Human Rights			✓	
Rural isolation			✓	
Socio-economic exclusion			✓	

Final impact

The initial recommendation in the budget proposal that was presented to Cabinet on February 13th 2018 was for Option 1 – the Community Management option plus an extension of the option to be consulted on with the medium sized libraries. In this option, this library remains open. The impact of this is therefore neutral.

PART 3 – Budget Proposal Update (27th February 2018)

Final impact analysis (taking the findings from Part 2 into account) – including review date if required				
	Positive	Negative	Neutral	Unsure
Sex			✓	
Gender Reassignment			✓	
Age			✓	
Disability			✓	
Race & Ethnicity			✓	
Sexual Orientation			✓	
Religion or Belief (or No Belief)			✓	
Pregnancy & Maternity			✓	
Human Rights			✓	
Rural isolation			✓	
Socio-economic exclusion			✓	

Final impact
 The final recommendation following amended budget proposals is for Option 2 (Retain 15 libraries. Close 21 libraries. Withdraw mobile library provision). Weston Favell is one of the 15 libraries. The impact of this is therefore neutral.
