**PART A**

* Section 1a: Description of proposal under consideration/development	* Section 1b: Is this new or existing? Does it link to current provision?
<p>Opportunities to make efficiencies and savings and generate income through collaboration with neighbouring authorities. This will include closer integration with potentially Milton Keynes and Buckinghamshire CC on highways, transport, waste and planning. Also expert advice is being provided on Minerals and Waste Planning to a number of authorities. In addition opportunities to work with neighbouring fire authorities will also be explored e.g. Buckinghamshire and Oxfordshire. The proposal allows the income generation aspects to be explicitly built into the budget for the returns from work done for other local authorities on a charged basis. Examples of this included work for Buckinghamshire, Rutland and Milton Keynes councils on the development of their Minerals &amp; Waste local plans. There is also scope to extend this kind of work in future.</p>	<p>Some collaborative working is already underway and this proposal will extend the concept further.</p>
