

Consultation details

About the consultation

What is the consultation title?	Patient survey for the Northamptonshire pharmaceutical needs assessment
What is this consultation about?	<p>We are inviting you to tell us about pharmacy services in your area.</p> <p>The services we are looking at include local services that you receive from pharmacies (or chemists). To do a good job, we need to regularly review what services we have, what our local people need, and how things might change in the future. This process is called a 'pharmaceutical needs assessment' and we are preparing one at the moment for Northamptonshire with the help of a company called Primary Care Commissioning (PCC) who specialise in this kind of work.</p> <p>Many people call them chemists but in this survey we use the word pharmacy. By a pharmacy, we mean a place you would use to get a prescription or buy medicines which you can only buy from a pharmacy. We don't mean the pharmacy at a hospital or the part of a pharmacy where you buy beauty products.</p> <p>Your views are important to us so please spare a few minutes to complete this questionnaire.</p> <p>The results of our questionnaire will be published in the draft pharmaceutical needs assessment for Northamptonshire which Northamptonshire County Council will consult on in December and January.</p>

Consultation dates

Start date	06 Sep 2017
End date	04 Oct 2017
Results expected by?	15 Dec 2017
