About the consultation

What is the consultation title?

Consultation on School Admission Arrangements in Northamptonshire for September 2019 Intakes

What is this consultation about?

Each year, Northamptonshire County Council, along with all admission authorities, is required to carry out a consultation to ascertain if any changes are proposed to county schools' admission arrangements for the following school year (2019). These proposed changes could include proposed changes to published admission numbers (PANs), oversubscription criteria and Supplementary Information Forms (SIFs).

In the past, the local authority (NCC) has agreed to co-ordinate the consultation process on admission arrangements for all schools in Northamptonshire (regardless of the types of school), and we will continue to do this for 2019 intakes.

The School Admissions Code (2014, 1.42) requires all admission authorities to consult at least once every seven years, even if there have been no changes during that period. Details of schools' proposals will be available on the School Admissions section of the county council's website from 13 November 2017, at: <http://www3.northamptonshire.gov.uk/councilservices/chil-families-education/schools-and-education/school-admissions/Pages/admission-arrangements-consultation.aspx>

Further details of the consultation, including next steps and an outline of the stages of the consultation process are detailed on the School Admissions webpages.
