The Northamptonshire County Council

Hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been granted for the carrying out of the development referred to in Part I hereof in accordance with the application and plans submitted subject to the following conditions:

Commencement

1. The development to which this relates must be begun not later than the expiration of three years beginning with the date of this permission.

Note: This permission only relates to planning permission and does not include consent under the Building Regulations for which separate permission may be required. The requirements of the Chronically Sick and Disabled Persons Act 1970, the Disability Discrimination Act 1995 and the Special Education Needs and Disability Act 2001 should also be adhered to wherever appropriate.
Reason: To conform with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

Scope of Permission

2. Except as otherwise required by conditions attached to this planning permission the development hereby permitted shall be carried out in accordance with the submitted application.

Reason: To define the scope of the permission and in the interest of clarity.

Hours of Construction Works

3. Except as may otherwise be agreed in writing by the County Planning Authority all construction works shall be confined to the hours of 7.30am to 5.30pm Mondays to Fridays and 8.00am to 1.00pm on Saturdays, with no works on Sundays or Public Holidays.

Reason: To protect the amenities of nearby occupiers of property from noise and other disturbance, and to have regard for Policy 13 of the North Northamptonshire Core Spatial Strategy (2008).

Materials

4. The materials to be used in the construction of the external surfaces of the development hereby permitted shall match, in type and colour those on the existing school buildings and shall be in accordance with those details supplied as part of the planning application.

Reason: To ensure that the proposed development is in keeping with the design and appearance of the existing development on the site, and to have regard for Policy 2 ‘Promoting Better Design’ of the East Midlands Regional Plan (March 2009) and Policy 13 of the North Northamptonshire Core Spatial Strategy (2008).

REASONS FOR APPROVAL

The scale of the development and the materials proposed are considered appropriate in terms of compatibility with the existing built development on the site. The application does not result in a significant amenity impact so as to justify refusal of the application. The development is considered acceptable in terms of the East Midlands Regional Plan (March 2009) Policy 2 ‘Promoting Better Design’ which seeks to continuously improve the layout and design of developments. The development is also acceptable in terms of the North Northamptonshire Core Spatial Strategy Policy 13, which seeks to ensure developments are of high quality design, while minimising amenity impacts.

Date: 2nd July 2009  Signed: [Signature]

For Chief Planning Officer

Note: This permission only relates to planning permission and does not include consent under the Building Regulations for which separate permission may be required. The requirements of the Chronically Sick and Disabled Persons Act 1970, the Disability Discrimination Act 1995 and the Special Education Needs and Disability Act 2001 should also be adhered to wherever appropriate.
1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or the grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Sections 78 and 79 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, 3/08a Kite Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them having regard to the statutory requirements (a), to the provisions of the development order, and to any direction given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by carrying out of any development which has been or would be permitted he may serve on the Council of the district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely sections 70 and 72(1) of the Act.

Note: This permission only relates to planning permission and does not include consent under the Building Regulations for which separate permission may be required. The requirements of the Chronically Sick and Disabled Persons Act 1970, the Disability Discrimination Act 1995 and the Special Education Needs and Disability Act 2001 should also be adhered to wherever appropriate.
