Reason: To define the scope of the permission and in the interest of clarity.

Protection of Existing Vegetation

3. Prior to the commencement of works, a method statement for the erection of the new fencing and a risk assessment of the potential for damage to the existing vegetation in accordance with ‘British Standard 5037:2005 Trees in relation to construction – Recommendations’ shall be submitted to the County Planning Authority for approval in writing. The approved proposals shall thereafter be implemented.

Reason: To protect existing vegetation from damage in accordance with Policy 13 of the North Northamptonshire Core Spatial Strategy (2008).

Protection of Breeding Birds

4. Operations that involve the destruction and removal of vegetation shall not be undertaken during the months of March to August inclusive, unless an ecologist report is submitted to demonstrate that breeding birds will not be affected and this has been approved in writing by the County Planning Authority. Should nesting birds be found, development shall be delayed until such time as nesting has ceased.

Reason: To ensure that breeding birds are not adversely affected.

**REASONS FOR APPROVAL**

The overall design, appearance and colour of the proposed fence is considered to be
acceptable in accordance with Policy 13 of the North Northamptonshire Core Spatial
Strategy (2008) which seeks to ensure design of any extension reflects the character
of its surroundings. It is considered that the proposed fencing would not adversely
impact upon residential amenity or the visual appearance of the area. The proposals
have been designed to minimise potential impacts on biodiversity and this is
reinforced through recommended conditions. The Crime Prevention Design Advisor
has no objection to the proposed scheme and it is considered to be in accordance
with the Supplementary Planning Guidance provided in Planning Out Crime in
Northamptonshire (2004). It is therefore recommended that planning permission be
granted subject to the conditions outlined below.

Date: 21st May 2011  Signed

For Chief Planning Officer

**Note:** This permission only relates to planning permission and does not include consent
under the Building Regulations for which separate permission may be required. The
requirements of the Chronically Sick and Disabled Persons Act 1970, the Disability
should also be adhered to wherever appropriate.
1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or the grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Sections 78 and 79 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, 3/08a Kite Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them having regard to the statutory requirements (a), to the provisions of the development order, and to any direction given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by carrying out any development which has been or would be permitted he may serve on the Council of the district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely sections 70 and 72(1) of the Act.

Note: This permission only relates to planning permission and does not include consent under the Building Regulations for which separate permission may be required. The requirements of the Chronically Sick and Disabled Persons Act 1970, the Disability Discrimination Act 1995 and the Special Education Needs and Disability Act 2001 should also be adhered to wherever appropriate.
