NORTHAMPTONSHIRE COUNTY COUNCIL
CHILDREN AND YOUNG PEOPLE'S SERVICE

SUPPORTING STATEMENT FOR

A DOUBLE CLASSROOM MOBILE AT
BROUGHTON PRIMARY SCHOOL, CRANSLEY HILL,
BROUGHTON, NORTHANTS NN14 1NB

Broughton Primary School currently has a mobile classroom that is in a very poor state of repair and does not meet current standards. The county council has spare mobiles currently on site in Northampton following the completion of building works connected with the PFI contract within the borough. It is proposed to replace the existing mobile with a modern mobile in good condition and which complies with current standards.

Due to its popularity the school does not currently have sufficient accommodation within the main school building, hence the continuing need for temporary provision of accommodation. The replacement mobile will be used for general teaching and specialist small group tuition.

Access

The mobile classroom will be provided with ramped access to the main entrance to comply with DDA legislation

Waste management

There will be minimal waste generated during installation of the mobile. Each contractor working on the project will be responsible for disposing of any waste generated by them to a licensed tip.
