

**NORTHAMPTONSHIRE COUNTY COUNCIL
CHILDREN AND YOUNG PEOPLES SERVICE**

SUPPORTING STATEMENT FOR

**A DOUBLE CLASSROOM MOBILE AT
CAMPION SCHOOL, KISLINGBURY ROAD,
BUGBROOKE, NORTHANTS, NN7 3QG**

Campion School along with other mainstream schools are providing specialist vocational teaching for students in the 14 – 19 age range. The school will be providing specific training in Building industry skills. Participants will achieve one or more accredited outcome and will have the opportunity to progress into a range of positive destinations, including Further Education, Employment with Training, or full time Work Based Learning.

At present there is no suitable accommodation within the main school buildings therefore it is proposed to install a mobile classroom to provide the accommodation. It will be particularly suitable as the type of course work is of a hands on building site nature. This stand alone building will ensure that any necessary mess associated with this type of activity will be self contained and separate from the main school buildings.

Access

The mobile classroom will be provided with ramped access to the main entrance to comply with DDA legislation.

Waste Management

There will be minimal waste generated during installation of the mobile. Each contractor working on the project will be responsible for disposing of any waste generated by them to a licensed tip.
