SUPPORTING STATEMENT FOR

**A DOUBLE CLASSROOM MOBILE AT  
SPONNE SCHOOL BRACKLEY ROAD  
TOWCESTER NORTHANTS NN12 6DJ**

The above school currently has one double classroom that is used for general teaching. This classroom is in a very dilapidated condition, does not meet current standards and is past economic repair.

Due to the Northampton schools review reaching its final stages; we now have surplus mobiles in good repair that meet current standards. It is therefore proposed to replace the existing mobile with one double classroom mobile. The existing mobile will be removed from site. The new mobile will be sited on the same footprint.

Due to the expansion of Towcester in general and the popularity of the school there is a continuing need to provide accommodation on the school site.
