As part of the schools reorganisation in Northampton, Kingsthorpe Grove primary is undergoing an extensive programme of rebuilding and refurbishment. This work is due to start in the spring of 2009 and last for approx 18 months.

In order to facilitate the rolling refurbishment of the main school building it is proposed to site two double mobile classrooms on the playing field next to the sports hall. This will enable the school to provide teaching facilities away from the building works with minimal disturbance to the pupils. Thus ensuring the school can continue to provide the highest standards of teaching enjoyed at present.

The mobiles are only required whilst the building works are in progress therefore I apply for consent for a period of two years.
