26<sup>th</sup> June 2015

Dear Mr Watson,

**Non Matériel Amendment for the retrospective installation of an internal road  
Storefield Lodge Waste management Park, Rushton**

Please see enclose application forms and the appropriate cheque to cover a Non Material Amendment application for an internal road along the northern sector of the northern extension area. We have been asked by Dan Szymanski on a previous site monitoring visit to submit such an application to regularise the establishment of this road within the consent site boundary.

The installed road comprises of a mixture of tarmac, concrete and some hardcore covering was installed to allow safe and cleaner access/egress to the waste cells within the extension area in all weather conditions. As well as allowing the site to operate year round without the need to close the site or limit operations during periods of inclement weather the road has also been installed to significantly reduce the amount of mud collected by vehicle's wheels during transit to these areas. This surfaced access road leads to the principle wheel bath facility before the vehicles ultimately pass through the secondary wheel cleansing unit (close to the weighbridge). This in turn makes the entire site and in particular the site infrastructure area, a cleaner environment and helps reduce the risk of mud entering onto the public highway.

Drg N° R14/NMA15/01 and R14/NMA15/02 provide the requisite detail in respect of the road's location within the site.

The installed road will not affect any of the strict planning conditions imposed on the site. We therefore trust that the supplied information is sufficient to regularise the road on site through the means of a Non Material Amendment.

Should however you require any additional information please do not hesitate to contact me. (01480 499152 or [planning@mickgeorge.co.uk](mailto:planning@mickgeorge.co.uk))

Yours Sincerely

**John Gough**  
Planning Manager

A cheque for £195..... was attached to this correspondence. It has been retained by Growth Management for banking.
