Subject: RE: Overstone Primary School - Extraction Unit

Hi Jane,

Further to our phone conversation I can confirm that we are happy that the proposed location of the extractor will not impact on the bats known to be on site either directly or indirectly.

As discussed if the location of the extractor should change to impact the hanging tiles or soffit then we will need to be present to supervise the installation.

Kind regards

Samantha

Subject: Overstone Primary School - Extraction Unit

Hi Samantha

Further to our conversation, please see extraction unit and proposed initial location on the wall to the rear of the site above the hall double doors.. I would appreciate your comments asap please as the design team are awaiting approval to proceed and we need to have works completed within the week.

Thanks in advance.

Jane
