We will simplify the operation of the junction to ease congestion and keep traffic moving. The right turn from Alfred Street to Billing Road and left turn from Billing Road to Alfred Street will be removed for motor vehicles. Cyclists will still be able to turn into Alfred Street from Billing Road.

The right turn from Cliftonville Road to Billing Road will now not have its own phase. Drivers will exit Cliftonville Road when there is a safe gap in oncoming traffic.

Simplification of junction by removing some turns/movements
Cyclists will still be able to turn left into Alfred Street from Billing Road
Upgraded traffic signals to improve junction
Larger islands to improve pedestrian safety
